# SITUATION SUMMARY

## Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

### Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

### **Situation Overview**

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Global Health Advisory**

On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>

- **State Executive Order N-33-20**

On 08/28/20, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. Visit [Blueprint for a Safer Economy](#) for more information and to check the status of a county. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. The purpose of [Equity Metric](#) is to ensure California reopens its economy safely by reducing disease transmission in all communities.

- **CDPH Statewide Travel Advisory**

The California Department of Public Health (CDPH) has issued a new Travel Advisory superseding the 11/13/20 guidance. Californians should avoid non-essential travel to any part of California more than 120 miles from one's place of residence, or to other states or countries. Non-essential travelers from other states or countries are strongly discouraged from entering California, and if they do, should adhere to quarantine procedures. All persons arriving in or returning to California from other states or countries should self-quarantine for 10 days after arrival, except as necessary to meet urgent critical healthcare staffing needs or engage in emergency response.

# WEATHER OF CONCERN

## NORTHERN CALIFORNIA

- No significant weather of concern.

## SOUTHERN CALIFORNIA

- Elevated fire danger through Monday due to winds and low relative humidity.
  - Gusty onshore winds Monday afternoon.
  - Highs in the 80's to 90's with low humidity.

**Weather Advisories, Watches, and Warnings currently active in California:**

<http://www.wrh.noaa.gov/hazardSummary/?state=ca>

**Active Weather Warnings, Watches and Advisories by County:**

<http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

# **WEATHER KEY POINTS**

**04/19/21 - 04/25/21**

## **Monday**

- Areas of dense fog along the southern coastal areas this morning, with additional fog possible tonight
- Very warm conditions continue one more day across much of the Central Valley, with readings near 90 degrees leading to some minor heat impacts
- Locally elevated fire weather conditions also continue one more day for the southern California mountains where winds will gust 30-40 mph and very dry vegetation is in place

## **Tuesday-Wednesday**

- Scattered showers and a few thunderstorms are expected across northern California both Tuesday and Wednesday, with the greatest chance over the northern and central Sierra and nearby foothills
  - A few storms could produce small hail, with a few lightning strikes also possible
- Somewhat cooler temperatures arriving for many areas into midweek, especially for the Central Valley and coastal southern California where winds will turn onshore
- Some fog, light rain, or drizzle is also possible for coastal southern California Tuesday into Wednesday, though any precipitation amounts will be light

## **Thursday-Sunday**

- Warmer conditions return to the Central Valley Thursday and Friday, with another cooling trend heading into the weekend
- Chances for additional precipitation could increase by late in the weekend, though forecast confidence remains very low at this time

# CALIFORNIA WEATHER IMPACTS

# Cal OES LAW ENFORCEMENT MISSIONS

## Cal OES Law Missions

- **2021-LAW-61052, April 17, 2021 1100 hours:** CSWC notified by AFRCC of an ELT activation in Death Valley National Park at 36.49.4 N 11750.6 W. LDO contacted Inyo SO SAR who contacted DVNP rangers who initiated response. Per Inyo SO, CHP H-80 was already committed to another SAR incident on Mt. Whitney. Inyo SO dispatch was previously contacted by a flight service company advising of activation. Inyo contacted China Lake NAS to ascertain availability of VX-31. Inyo SO spoke with emergency contact who advised pilot and passenger were supposed to be in that area. Update: At 1201 hours. AFRCC advised no signal had been received for 2 hours. At 1510 hours Inyo SO advised CHP H-80 in area and searching and VX-31 en route. **Update:** At 1645 hours. Inyo SO advised aircraft located and pilot contacted and okay, accidental activation while repositioning aircraft. Assets released. AFRCC notified. **MISSION CLOSED**
- **2021-LAW-61060, April 17, 2021 1621 hours:** CSWC notified LDO of an In Reach device activation at 41.372162 -123.490534, which resolves to border of Humboldt and Siskiyou County near Hwy. 96 and the Salmon River. R/O of device advised IERCC that user is working watershed restoration in remote area and is advising of vehicle accident, vehicle over the cliff. LDO contacted IERCC and Siskiyou SO SAR, who advised that their 9-11 center had received a call from a residence in nearby homes of a vehicle accident/vehicle over the side and had turned call over to Yreka CHP. Actual jurisdiction is Humboldt County/ Humboldt CHP which was responding. **Update:** 1657 hours LDO contacted CHP ENTAC for status update and was advised that solo occupant fatality vehicle over the cliff. IERCC notified. **MISSION CLOSED**
- **2021-LAW-61064 April 17, 2021 1950 hours:** CSWC notified LDO of an In Reach device activation in LA County at 34.236875 -117.765262. R/O of device advised two juveniles from a group of hikers were lost IVO Bridge to nowhere and the East Fork of the San Gabriel River. LDO contacted IERCC and LASD. San Dimas deputies were dispatched to the location. **Update:** 2129 hours LASD EOC advised two juveniles were located and safe. IERCC notified. **MISSION CLOSED**
- **2021-LAW-61009 April 16, 2021 1416 hours:** CSWC was notified by AFRCC of ELT activation that had occurred on April 15, 2021 @ 1135 hours Yolo/Napa/Lake Colusa County area. CAP was activated by AFRCC. Update: 1614 hours CSWC advised that CAP IC is David Powell. LDO subsequently contacted AFRCC and CAP IC, who advised that as of 1705 hours, aircraft had launched and would be on scene within the hour. Update: 1928 hours AFRCC advised location of beacon had been determined at a local airport, however CAP was unable to make contact with aircraft owner to silence device. AFRCC advised mission will remain open until device owner identified/device silenced. **Update:** April 16, 2021 1951 hours CSWC advised by AFRCC that aircraft with beacon activation had been located. On Monday, April 18, 0900 hours, device will be de-activated. **MISSION CLOSED**

# Cal OES MISSION TASKINGS

## Cal OES Missions

- Nothing significant to report.

# *Cal* OES

---

GOVERNOR'S OFFICE  
OF EMERGENCY SERVICES

**Mission:**

We protect lives and property, build capabilities, and support our communities for a resilient California.

*We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.*
